

T10 Rewinder

The Rewinder Everyone Can Use

The T10 rewriter has an idler arm that can be positioned to rewind labels from either side of the printer.

Depending on the user's requirements, the T10 can rewind "inside or outside" label rolls.

Modular core adaptor fits 1", 1.5" & 3" core sizes

Colored LED indicator provides rewriter operation status

Rewinding direction switch to rewind "inside or outside" label rolls

Stylish appearance plus a rugged design for long term reliability
